| <input type="checkbox"/> Logistics                   | <input checked="" type="checkbox"/> Software update | <input type="checkbox"/> End of Life |

**Change Description:**

To enhance the device functionalities CANlink mobile 10000 device will be delivered with the new firmware version 1.5.0. See the release notes for more information on the new firmware.

Proemion urgently recommends that you always update your devices to the latest released firmware version. Failure to update firmware may result in elevated errors, higher data consumption or even loss of connectivity for which Proemion is not obligated to provide technical support or warranty. If you have any problems or questions regarding the update, please contact our support team at <https://support.proemion.com>.

**Identification method to distinguish the change:**

Product Change Index printed on type label, see appendix.

**Qualifiable impact on quality and reliability:**

No impact on form and fit. Enhanced functionality.

**Samples:**  available  will be available soon  not applicable

**Proposed first ship date<sup>1</sup>:** 29.05.2024

**End of Repair-Service for devices:** not applicable

**End of Support for devices:** not applicable

**Proemion contact:** [sales-team@proemion.com](mailto:sales-team@proemion.com)

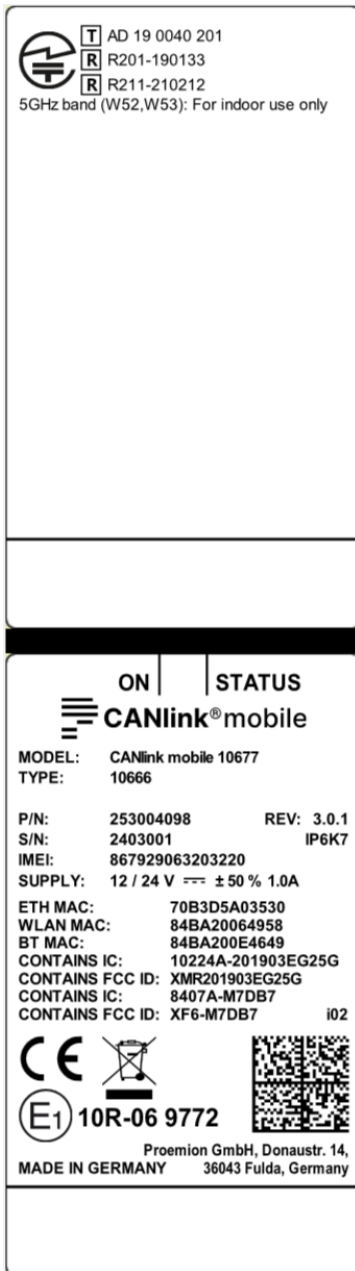

<sup>1</sup> The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.
