

Product change notification number:

PCN_20260812A_CANlink wireless 4001_4003 Update Firmware v3.2.0

Date: 12.08.2026

Title: CANlink wireless 4001_4003 Update Firmware v3.2.0

Product identification: See material number on type label.

Reason for change:

☐ Design	☐ Quality/Reliability	☐ Packaging
☐ Manufacturing Location	☐ Change of certification	☐ Labeling
☐ Expansion of product family	☐ Production Process	☐ Material
☐ Logistics	☒ Software update	☐ End of Life

Change Description:

- To enhance the device functionalities the CANlink wireless 4000 devices will be delivered with the new firmware version 3.2.0. See the release notes for more information on the new firmware. The new firmware version including the release notes is available for download in our [Download Center](#)
- Proemion urgently recommends that you always update your devices to the latest released firmware version. Failure to update firmware may result in elevated errors for which Proemion is not obligated to provide technical support or warranty. If you have any problems or questions regarding the update, please contact our support team at <https://support.proemion.com>.

Identification method to distinguish the change:

Product Change Index printed on type label, see appendix. Firmware revision could be read out electronically.

Qualifiable impact on quality and reliability:

No impact on form and fit. Enhanced functionality.

Samples: ☐ available ☐ will be available soon ☒ not applicable

Last time order for devices: Not applicable

Last time ship for devices: Not applicable

End of Repair-Service for devices: Not applicable

End of Support for devices: Not applicable

Proemion contact: sales-team@proemion.com

¹ The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.

Appendix**List of changed products**

Proemion Part Number	Description	Product Change Index
253001072	CANlink wireless 4001 (EOL)*	i06
253001073	CANlink wireless 4003 (EOL)*	i06
253001193	CANlink wireless 4001 Bridge (EOL)*	i06
253001194	CANlink wireless 4003 Bridge (EOL)*	i06

* A [product discontinuation notification](#) was already published for the materials marked with “(EOL)”.
